**Purpose of the letter:** Acknowledgements of the paper *Politiche, strategie e ruoli istituzionali per la difficile riqualificazione del patrimonio militare dismesso in Italia (Policies, strategies and institutional roles for the difficult requalification of former military sites in Italy)*

To whom it may concern,

I am Federico Camerin, one of the 15 early Stage Researchers involved in the European Joint Doctoral Programme urbanHIST (2017-2020) which is ruled by a specific cotutelle agreement between UVA University of Valladolid (Spain) and BUW Bauhaus-Universität Weimar. This agreement aimed to co-supervising a doctoral thesis whose implementation is carried out within the framework of EC project H2020 MSCA-IT urbanHIST.

Here I claim my participation in the paper

Gastaldi, F. e Camerin, F. (2017). Politiche e strategie istituzionali per la riqualificazione del patrimonio militare dismesso in Italia. In D. R. Fiorino (Ed.), *Military Landscapes. Atti del convegno internazionale. Scenari per il futuro del patrimonio militare* (pp. 1086-1094). Milano: Skirà. ISBN 978-88-572-3732-9

as part of the European Joint Doctorate “urbanHIST”. European Union. This project has received funding from the European Union’s Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 721933.

With my best regards,

Federico Camerin
